Kolar District.

Sir

I have the honour to state that during the District Board Meeting held on 31.3.25 Mr. G.Giriyappa Rao, one of the members proposed that a sum of Rs.5,000/- be contributed by the District Board towards the construction of the Town Hall at Kolar and this proposition was seconded by Mr. B. Venkataramaiya, The subject was discussed at length and finally it was resolved unanimously that Rs.5000/- be contributed towards the construction in two annual instalments provided that representation of the Board in proportion to the financial support was allowed on the Committee of management of the Town Hall.

A copy of the resolution is herewith transmitted for the perusal of Government.

In this connection I may also bring to the notice of the Government that this subject had already been discussed once before by the District Board at their meeting held on 1st to 3rd April 1921 with the result that a like sum had been sanctioned but the amount was not actually paid since the work had not been started.

A copy of the resolution is also enclosed for ready

ready reference. Now that some earnest efforts are being made to construct the building, there is a demand now for the then promised amount. It is needless for me to repeat once again the views of the District Board that the want of a Town Hall at Kolar (a District Head Quarter) has been a great desideratum.

To avoid complications I have, however, in anticipation of the generous sanction of Government, made arrangements to provide Rs a sum of Rs.2500/- being the 1st instalment in the Budget of the ensuing year.

In these circumstances it is hoped that the recommendation of the District Board will be viewed favourably and the further action taken by me will kindly be approved by Government.

An early reply is requested in the matter.

Secretary to the Government of Mysore,
Local and Legislative Departments.

Sir,

With reference to your letter No.L.8543/L.B.2-24-8 dated 28-5-1925 enquiring how a large grant of Rs.5,000/- by District Board towards the construction of a Town Hall at Kol can be justified when the Board is working with a heavy minus balance, I have the honour to state that this is not the fir occasion on which a provision of Rs.5,000/- has been made fo the purpose. The project was initiated some years ago by my esteemed predecessor Mr.Zahiruddin Mecci and a grant of Rs.5 was voted by the then District Board and the amount included in the budget for 1921-22 with the sanction of Government the amount was not utilised as the project for various reasons did not make headway. It was taken up again some time ago and public subscriptions have been coming in. The question was placed again before the District Board now in existence (Vide Resolution 40 dated 31-3-1925) and they have again unanimously confirmed their original resolution

2. One reason as to why the District Board are keen in this matter is that alone of all the district headquarter places there is no hall in this town where the District Conference and other conferences which might be arranged by the District Board can be held. Also, the District Board had in view that the Town Hall would afford some accomodation to outside members when they come on public work to the district headquarter and when, as it happens frequently, all other places of accomodation are also occupied.

3. It is true that the District Board is working on a deficit budget but this is entirely due to the incubus of railway proprietorship and a deficit of over a lakh can not be materially affected by curtailment of ordinary expenditure beyond reasonable limits. It is only by grappling with the railway problem and finding a proper solution to that problem that the deficit could be wiped out . I have again discussed the question of contribution with the President of the District Board and he agrees with the views expressed in this letter.

It would be a great disappointment if, after all the steps we have taken and the hopes we have built on the grants by the District Board and the Municipality, we should now deprived of the help we relied on. It may be added that a suitable site has been selected, the plans and estimates are ready and that it is proposed to commence construction very early. In these circumstances I request that Government may kindly be pleased to accord sanction to the provision made in the District Board budget for the contribution towards the proposed Town Hall.

I have the honour to be,

Sir,

your most obedient servant,

Deputy Commissioner,
Kolar District.
